APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing appli-
cation, and do hereby grant the same, subject to the following lim-
itations and conditions: This permit is issued subject to prior rights on the source.
A standard headgate and weir must be installed at or near the point of
diversion to facilitate the measurement and control of the water. The
State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agree to the terms herein contained.
The amount of water to be appropriated shall be limited to the
amount which can be applied to beneficial use, and not to exceed
1.0 cubic feet per second. (One)
Actual construction work shall begin on or before May 20th, 1918.
Proof of commencement of work shall be filed before June 20th, 1918.
Work must be prosecuted with reasonable diligence and be completed
on or before <u>May 20th, 1919</u> Proof of completion of work shall be filed before June 20th, 1919. Application of water to beneficial use shall be made on or before
May 20th, 1921. Proof of the application of water to beneficial
use must be filed with State Engineer on or before June 20th, 1921.
